

Pursuant to E.O. 2020-43, we are developing an attestation form where entities can attest they are in compliance with issued ADHS guidance related to COVID-19 business operations. Please continue to check this website for updates on Executive Order 2020-43 and the process for receiving authorization to reopen after at least July 27, 2020.

- As our federal partners have updated guidance for identifying COVID-19 deaths, ADHS has enhanced our processes to match. This change may cause the number of new deaths reported on our dashboard to increase more than expected for a few days. Deaths are shown on the bar chart of the COVID-19 deaths section of the dashboard using the date of death, not the day reported. New deaths on the summary section of the dashboard are displayed by the day reported to ADHS.
